

Problem-Solution fit canvas 2.0

Project: Medical Diagnosis Center by Service Portal (ServiceNow)

Purpose / Vision

Accessible Diagnostic Care for a Healthier Tomorrow

Define CS, fit into CC	1. CUSTOMER SEGMENT(S) Who is your customer? - Patients (all age groups) needing diagnostic tests - Working professionals with limited time - Elderly patients who require regular health checkups - Receptionists / Front-desk staff - Lab technicians - Lab managers / center administrators	CS	6. CUSTOMER CONSTRAINTS What constraints prevent your customers from taking action or limit their choices of solutions? - Limited time to visit the diagnostic center - Lack of real-time information on test availability - Manual paperwork and long waiting times - Budget constraints for certain tests - Limited digital literacy (especially for elderly patients) - Dependence on center working hours - Lack of trust in online payment options	CC	5. AVAILABLE SOLUTIONS Which solutions are available to the customers when they face the problem or need to get the job done? What have they tried in the past? What pros & cons do these solutions have? - Walk-in booking at diagnostic center (Pro: direct support, Con: waiting time) - Phone call booking (Pro: human assistance, Con: no real-time slots) - Third-party lab websites/apps (Pro: online booking, Con: limited tests / integration issues) - Manual record keeping (Pro: simple, Con: prone to errors)	AS	Explore & differentiate
	2. JOBS-TO-BE-DONE / PROBLEMS Which jobs-to-be-done (or problems) do you address for your customers? - Find and book the right diagnostic test quickly - Get an appointment at a convenient date and time - Complete registration without visiting the center - Receive test reports online - Track the status of the appointment and report - Make secure online payments - Manage daily operations efficiently (for staff and admin)	J&P	9. PROBLEM ROOT CAUSE What is the real reason that this problem exists? What is the back story behind the need to do this job? - Traditional diagnostic centers rely on manual processes - Lack of integrated digital systems for booking, reporting and payments - High patient volume leading to long queues - Limited access to real-time information - Increasing demand for convenient and contactless services - Growing awareness about preventive healthcare	RC	7. BEHAVIOUR What does your customer do to address the problem and get the job done? - Searches for diagnostic centers online - Calls the center to inquire about tests and availability - Visits the center in person for registration and booking - Asks friends/family for recommendations - Keeps physical copies of reports - Uses multiple channels (phone, walk-in, websites) - Staff manually manage records and appointments	BE	
Identify strong TR & EM	3. TRIGGERS What triggers customers to act? - Need for a routine health checkup - Doctor's recommendation for specific tests - Health concerns or symptoms - Expiry of previous reports / follow-up tests - Awareness through online search or advertisements - Recommendations from family or friends	TR	10. YOUR SOLUTION If you are working on an existing business, write down your current solution first. If you are working on a new business proposition, then keep it blank until you fill in the canvas and come up with a solution that fits within customer limitations, solves a problem and matches customer behaviour. - Medical Diagnosis Center by Service Portal (ServiceNow) provides an online platform to: - Register and manage patient profiles - Browse and book diagnostic tests with real-time slot availability - Automate appointment workflow and approvals - Make secure online payments - View and download diagnostic reports - Send automated email notifications - Provide dashboards for staff and administrators	SL	8. CHANNELS of BEHAVIOUR 8.1 ONLINE What kind of actions do customers take online? - Access the Service Portal through web browser - Search for diagnostic tests - Book appointments online - Make payments online - Download reports - Receive email notifications 8.2 OFFLINE What kind of actions do customers take offline? - Visit the diagnostic center for sample collection - Interact with reception staff - Consult doctors for test recommendations - Collect reports (if not downloaded online) - Make payments at the center (if needed)	CH	
	4. EMOTIONS: BEFORE / AFTER How do customers feel when they face a problem or a job and afterwards? Before: Confused, anxious, frustrated, worried about health, stressed due to waiting time After: Relieved, informed, confident, satisfied, in control	EM
